

⚡ Creative waymaking

Half & full day workshops

**Create NEW!**

New perspectives, services,  
ways of working, value and  
opportunities.

Develop the skills and conditions  
that help your team think creatively,  
work differently, and move your  
business forward.

## Who it's for

This workshop grows creativity within your business. It's for you if you want to explore and learn new paths forward.

- ✓ Project teams
- ✓ Senior leaders
- ✓ Partner networks
- ✓ Decision-makers
- ✓ Cross-functional groups

**All are welcome.**

(Min-max group size: 5 to 10)

## Why attend

The business landscape is volatile and uncertain. This calls for redefining and enhancing how we work. **Attend if:**

- You're ready for change
- You see the risks in business as usual
- You need the capabilities that turn disruptions and challenges into advantages
- You want the structures and conditions that support innovation
- You see human excellence as essential in a changing world

**You're ready to explore and grow.**

## What's involved

This workshop introduces creative skills and approaches, relevant for business contexts and challenges.

- Develop essential skills that support critical thinking, problem-solving, and originality
- Gain practical problem-framing insights through creative exercises and inquiry.
- Build individual and collective confidence to adapt and thrive in challenging times
- Learn how to shape the conditions that drive innovation
- Co-develop the openness, respect and inclusivity that elevates team performance
